ENTITY

BREAKFREE FROM BREAK-OUTS

1 Environ pre-cleansers are designed to unclog the ducts of sebaceous glands and dissolve black and white heads while minimising the chances of acne developing. Aquatrol is for dry and sensitive skins to prevent stripping the natural oils while β -Active Sebutrol contains Australian tea tree oil and salicylic acid for oily or problematic skins. The Eye Makeup Remover is ideal for contact lens wearers and sensitive skins due to its non-oily, non-sticky and non-irritating formula.

ENVIRON®

Offers a solution to breakouts for all skin types.

Consult your authorised Environ® stockist or call for more information
